## DETAILED ACTION

### Summary

On February 21, 2007, the Applicant filed a request for reconsideration.

Prosecution has been reopened. A non-final action follows.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-4 are rejected under 35 U.S.C. 102(e) as being anticipated by Conklin (6,336,105).

Conklin discloses a method for conducting buyer-driven and buyer-executed electronic commerce transactions, providing a controller which allows a buyer to specify, via an electronic network, at least one term selected from the group consisting of minimum quantities the buyer would agree to purchase, minimum qualities the buyer would accept, the minimum length of time to which the buyer would agree to be bound to purchase said minimum quantities containing said minimum qualities, and the maximum or minimum price the buyer would pay, generating, based upon said buyer's prior specification of said at least one term, a plurality of mutually created conditional original sales offers from a corresponding plurality of sellers, each of said plurality of

conditional original sales offers including said at least one term specified by said buyer and at least one term specified by at least one of said plurality of sellers, said at least one term specified by at least one of said plurality of sellers being a term not specified by said buyer, using said electronic network to transmit at least one of said mutually created conditional original sales offers to said buyer, and receiving via said electronic network said buyer's acceptance of said at least one mutually created conditional original sales offer (col.13, line 60 to col.14, line 20; col.23, line 23 to col.24, line 20; and col.24, line 45 to col.25, line 63); step of revealing to the seller the buyer's personal or financial information after the buyer accepts at least one original sales offer (col.26, lines 48-67); the sales offers are conditional upon subsequent approval of the buyer's personal or financial information (col.26, lines 48-67); and the buyer is not bound by the specification of terms (col.13, line 60 to col.14, line 20; col.23, line 23 to col.24, line 20; and col.24, line 45 to col.25, line 63).
